Standards Alert

JANUARY 2010

This publication lists current developments in British, European and American Standards, relating to cement and concrete; also news items; and standards acquired by The Concrete Society.

BS EN and DD ENV publications

British Standard implementation of European Standards (Euro Norms – ENs)

Admixtures

BS EN 480-10/-13:2009, Admixtures for concrete, mortar and grout – Part 10: Test methods. Determination of water soluble chloride content – Part 13: Test methods. Reference masonry mortar for testing mortar admixtures (*supersedes BS EN 480-10:1997/-13:2002*)

Corrigenda to British Standards

Most amendments are not issued separately. Those that make significant changes to a standard are incorporated into the standard which is reissued (see Updated British Standards – included if there is a relevant entry).

Eurocodes

BS EN 1991-1-4:2005 CORRIGENDUM 1,
Eurocode 1. Actions on structures. General
actions. Wind actions

BS EN 1996-1-1:2005 CORRIGENDUM 2,
Eurocode 6. Design of masonry structures.
General rules for reinforced and unreinforced
masonry structures (*also incorporates
Corridendum 1*)

Updated British Standards

Updated British Standards must be reordered as the amendments are not available separately. British Standards which have been corrected via corrigenda are available on request, free of charge to past purchasers of the standard.

Eurocodes

NA to BS EN 1992-1-1:2004 AMENDMENT 1, UK National Annex to Eurocode 2. Design of concrete structures. General rules and rules for buildings
